David Shepherd, Collingwood C.I., Collingwood, ON

The Centre for Education in Mathematics and Computing is proud to once again be the major sponsor of the Canadian Mathematics Competition this year. The year 2007 marks the 45th year of Contests produced by the Canadian Mathematics Competition.

Our congratulations go to all who participated in this year's Pascal, Cayley and Fermat Contests. This year's Contests were resounding successes, with average of 96.0, 90.3 and 87.7 across the three Contests. The number of students with perfect papers on the three Contests were 31, 11 and 8, including International and Unofficial competitors. We are very pleased with these results. The overall number of students writing this year's papers showed a small decrease over that from 2006.

After extensive review, we have spent many hours over the past year modifying and improving our processing of Contest results. We are much happier with the timeliness of this year's results (we hope that you are too) and will continue to try to improve this.

We would like to especially thank the hard-working Problems Committees. Most of the members of these Committees are active secondary school teachers from across Canada who volunteers their time and contribute dozens of hours of expertise. Without their insightful and entertaining problems, these Contests would not be possible. It is not easy to create problems that mostly use standard topics in non-standard ways and that are easy to understand, yet not too similar to problems that have appeared recently. These are just some of the issues that must be taken into consideration while compiling the Contests each year.

We would also like to thank all participants, both teachers and students. We hope that the papers provided you with some interesting mathematics to think about and play with. Thank you for your continued support!

Le Centre d'éducation en mathématiques et en informatique à encore une fois le plaisir d'être un majeur supporter du Concours canadien de mathématiques. L'année 2007 marque la 45^e année de concours produit par le Concours canadien de mathématiques.

Nos félicitations vont à tous les participants du Concours Pascal, Cayley et Fermat de cette année. Les Concours de cette année retentissaient de succès, avec des moyennes de 96,0, 90,3 et 87,7 à travers les trois Concours. Le nombre d'étudiants possédant un concours parfait était de 31, 11 et 8, en incluant des concurrents internationaux et non officiels. Nous sommes satisfait de ces résultats. L'ensemble du nombre de participants cette année a montré une petite diminution comparée à 2006.

Après une révision étendue, nous avons passé beaucoup d'heures pendant l'année modifiant notre traitement de résultats de Concours. Nous sommes beaucoup plus heureux de les résultats cette année et continuerons à essayer de les améliorer.

Nous aimerions surtout remercier les Comités de problèmes pour leur dur travail. La plupart des membres de ces Comités sont des enseignant(e)s d'école secondaire actifs d'un bout l'autre du Canada qui offre leur temps et contribuent des douzaines d'heures d'expertise. Sans leurs problèmes perspicaces et amusants, ces Concours ne seraient pas possibles. Il n'est pas facile de créer des problèmes qui utilisent surtout des thèmes standards dans des façons non-standard et qui sont facile à comprendre, encore non trop semblable aux problèmes qui ont apparu récemment. Ceux-ci sont juste certaines des choses qui doivent être prises en considération en compilant les Concours chaque année.

Nous aimerions remercier aussi tous les participants incluant les enseignants et les étudiants. Nous espérons que les concours vous ont offert des mathématiques intéressantes qui vous ont amusées et portées à réfléchir. Merci pour votre soutien continué!
