Session Links and Notes:

Patsy and Amy will share collected stories and a few lessons that could be used in mathematics classrooms. Amy will share her learning journey, as a settler, to create lessons which honour Indigenous ways of knowing, being and doing through lessons that make visible the mathematics present in various Indigenous artifacts. Patsy Day, Oneida Turtle clan, joins Amy as a knowledge keeper and to lead our cultural learning. Additionally, we will share the process for responsibly and respectfully facilitating these activities.
