Problem of the Week
Problem B
A Tale of Two Cities

Here are two climographs for two cities in the world.

Study them carefully and then answer the following questions.

a) If you wanted to spend your time in July at a nearby beach, which city would you choose, A or B?

b) If you wanted to spend your time skiing in January, to which city would you go? Is there anything different you’d like to see on the climagraph you choose?

c) Describe the weather in January for each city.

d) Describe the weather in July for each city.
